Dear Elizabeth,

As I hope your father has told you, my wife and I enjoy your little paper very much.

From the handwriting in which the current issue is addressed, I assume that you have been forced to hire help. It is a mature handwriting, clearly not yours.

So, to help with the cost of the st amps, if not the labor, I enclose a check.

Keep up the good work!

You and your brothers are doing a great job!

With our best wishes for your continuing success,

Sincerely,

Harold Weisberg
